Dear Dr. Czeredys,

This letter is to confirm that I will be happy to collaborate on your project entitled “Role of Store-Operated Calcium Entry dysfunction in striatal neurodevelopmental pathology of Huntington’s Disease”.

In case the funding application is successful, I will provide you and your lab members with access to the 10x Genomics platform for scRNA-seq experiments, along with necessary training.

You are welcome to visit my laboratory to discuss these experiments.

Sincerely,

dr hab. Cecilia Winata
