- Department of Experimental Pharmacology
- Department of Renal and Body Fluid Physiology
- Department of Respiration Physiology
- Department of Cellular Signalling
- Department of Restorative Neurobiology
- Department of Neurochemistry
- Department of Neurogenetics and Functional Genomics
- Department of Experimental and Clinical Neuropathology
- Department of Neuropeptides
- Department of Neurotoxicology

- Electron Microscopy Research Laboratory
- Laboratory of Preclinical Research of Neuroprotective and Environmental Agents
- Behaviour and Metabolism Laboratory
- Bioinformatics Laboratory
- Molecular Biology Laboratory
- Laboratory of Pathological Neurochemistry
- Laboratory of Immunology
- Protein Engineering Laboratory

- Tumor Microenvironment Laboratory
- Laboratory of Molecular and Cellular Nephrology
- Laboratory of Molecular Basis of Neurodegeneration
- Laboratory of Human Disease Multiomics
- Laboratory of Experimental and Clinical Neurosurgery
- Laboratory of Neurooncology
- Laboratory of Ischemic and Neurodegenerative Brain Research

- Clinical Department of Neuromuscular Diseases
- Clinical Department for Human Epigenetics
- Clinical Department of Applied Physiology

- Rare and Civilisation Disease Research Platform
- Laboratory of Dementing Disorders
- Translation and Research Platform in the field of Regenerative Medicine
- Cell and Tissue Bank
- Pharmaceutical Manufacturing Facility
